

Age Verifier – Installation & Configuration

Age Verifier extension will add a new attribute "Age Restriction" with (Yes/No) option in admin under product page "General" Tab. By default this attribute is set to "No". Once admin set this attribute to "Yes" for any particular product then extension will add a button image in the frontend on product listing & details pages. For a particular product when customer click on "Add to cart" button they will be redirected to age restriction form where customer needs to add his/her birth date for verification & once added required data customer will be redirected to cart page.

Installation Instructions:

Step 1: Upload Age Verifier Extension at the correct path. You will find the path information along with the extension release.

Step 2: Copy "age_rest_btn.png" image in your "**magento/media/**" directory.

Step 3: Include agerestriction.css in you theme's "**layout/page.xml**" as follows-

```
<action method="addCss"><stylesheet>css/agerestriction.css</stylesheet></action>
```

Step 4: Make sure all your categories under which you are displaying age restricted products must have "Is Anchor" option set to "yes".

Step 5: Once all the files, folders are copied to the appropriate directory just log into your Magento control panel.

Step 6: You will see a new Tab "**Agerestriction**" in Admin bar. Click on "**Agerestriction**"

Following are the screenshots of our demo server (<http://demo.magentomagik.com>).

After Installation login to your Admin Panel and click "**Agerestriction**"

On Click of setting button on the top right corner user can able to see following screen -

Age Verifier Settings -

1.) General information -

Here admin can able to change the image button that is shown on frontend. Also admin can able to chnange the text that is shown on age restriction form.

Age Verifier Help & FAQ

How It Works?

Age Verifier extension will add a new attribute "Age Restriction" with (Yes/No) option in admin under product page "General" Tab. By default this attribute is set to "No". Once admin set this attribute to "Yes" for any particular product then extension will add a button image in the frontend on product listing & details pages. For a particular product when customer click on "Add to cart" button they will be redirected to age restriction form where customer needs to add his/her birth date for verification & once added required data customer will be redirected to cart page. Admin can change image button on product listing & details page. Text that appears on the Age restriction form can also be editable from "Settings > "General Information".

To install the Extension please follow the instructions given below:

1. Copy given directory structure into your mageto directory.
2. Copy "age_rest_btn.png" image in your magento/media/ directory.
3. Add agerestriction.css in you theme's layout/page.xml as follows -
`<action method="addCss"><stylesheet>css/agerestriction.css</stylesheet></action>`
4. Make sure all your categories under which you are displaying age restricted products must have "Is Anchor" option set to "yes".

Compatibility

This extension is compatible with Magento 1.3. Currently this extension is compatible with only default magento theme.

Support

For any queries [Contact Us](#) OR Discuss it on our [Forum](#)

After successful installation of Age Verifier extension you will see "Age Restricted" button on the frontend product listing & details pages for the products that are set as 'age_restricted' attribute to "yes".
