

Magik Recommendation

Magik Recommendation extension will show the list of recommended products customer wise. Recommended products will be shown on customer dashboard after login. In admin there is a setting to display recommended products on homepage (after customer logged in). Recommended products will be displayed based on customer's all past purchases with highest reviews on the top.

Features:

1. Recommended products will be displayed based on customer's all past purchases with highest reviews on the top.
2. Option to limit the item results to be displayed on frontend.
3. Display recommended product on customer's home page & my account dashboard.

Installation Instructions:

Step 1: Upload Magik Recommendation Extension at the correct path. You will find the path information along with the extension release.

Step 2: Just copy the following code in your

```
<block type="recommendedpro/recommendedpro" name="recommendedpro"
template="recommendedpro/recommendedpro.phtml" />
```

in **"app/design/frontend/default/theme/layout/cms.xml"**

So the code will look like -

```
<cms_page translate="label">
    <label>CMS Pages (All)</label>
    <reference name="content">
        ....
        <block type="page/html_wrapper" name="cms.wrapper" translate="label">
            ....
        </block>
        <block type="recommendedpro/recommendedpro" name="recommendedpro"
template="recommendedpro/recommendedpro.phtml" />
    </reference>
</cms_page>
```

Step 3: You will see a new Tab "Recommendedpro" in Admin bar. Click on "Recommendedpro"

Step 4: Here admin can customize settings like number of product to show & display on homepage or not etc.

Following are the screenshots of our demo server (<http://extensions.magikcommerce.com>).

After Installation login to your Admin Panel and click "Recommendedpro"
